

EXTENSION OF THE SPECIAL UNEMPLOYMENT INSURANCE

12/06/2020

On March 18, 2020, the Ministry of Labor and Social Security created a special scheme for unemployment insurance for monthly workers in some sectors of activity, in response to the development of COVID-19.

On March 20, 2020, the Government resolved to expand and clarify said Resolution, incorporating into the regime all the activity groups classified for the Salary Councils, according to Decree No. 326/008.

Due to the current circumstances derived from the consequences of the COVID-19 epidemic in the national economy, and in order to avoid an increase in the unemployment rate, the Ministry of Labor and Social Security resolved to extend the special unemployment subsidy until July 31 2020.
